

DITI ENGINEERS

Website Wireframe

Layout, page structure, navigation, and scroll behaviour
for the Diti Engineers manufacturing website.

DOCUMENT Wireframe Reference

VERSION 1.0

DATE June 2026

APPROVED BY Diti Engineers Web Team

COMPANION DOCS Theme Guide · Content Guide

Purpose & scope

This document defines **where content sits on each page**, how users move through the site, and how the homepage scroll experience connects to standalone routes.

Use this doc for	Use the Content Guide for	Use the Theme Guide for
Page layout & blocks	Headlines, copy, labels	Colours, fonts, spacing
Navigation structure	Product names & descriptions	Buttons, cards, motion
Section order	Placeholder flags	Visual tone & brand rules

Languages: English and French (toggle in navigation).

Site map

Route	Page	Primary goal
/	Home	Convert visitors; preview full site in one scroll
/about	About	Company credibility and factory positioning
/products	Products	Browse cast components by category
/services	Services	Explain casting processes
/blog	Blog	Manufacturing insights
/buyers	Buyers	Testimonials and trust signals
/factory	Factory Tour	Video proof of production
/machinery	Machinery	Equipment and production lines
/certificate	Certificates	Compliance and vendor onboarding
/contact	Contact	Lead capture and quote requests

Homepage scroll order (embedded full-screen previews):

Products → Services → About → Blog → Machinery → Certificates → Buyers → Factory Tour → Contact → Footer

Global layout

Every page shares a fixed top navigation bar and (on Home) a footer at the end of the scroll stack.

Navigation bar

Zone	Elements
Brand	Logo / name → Home
Primary links	Home · Products
Capabilities menu	6 services → <code>/services#[slug]</code>
Company menu	About · Blog · Machinery · Certificate · Buyers · Factory Tour
Utilities	Language toggle (EN / FR) · Contact CTA

Mobile: Hamburger sheet with grouped links, language toggle, and Contact button.

Footer (Home)

Four columns: Newsletter signup · Quick links · Contact details · Social & legal links.

Home page

Section A — Hero

Block	Placement	Notes
Location badge	Top-left content column	Links to capabilities section
Headline (2 lines)	Centre-left	Primary value proposition
Subheading	Below headline	CI, aluminum, pressure die
CTAs	Below subheading	Contact us · Learn more
Email capture	Below CTAs	Routes to Contact
Image strips	Right / background (desktop)	Decorative factory imagery

Section B — Capabilities carousel

Block	Placement	Notes
Full-bleed media	Background	Video or image per tab
Glass panel	Overlay, lower area	Tab content
3 tabs	Inside panel	CI · Aluminum · Pressure Die
Slide controls	Panel footer	Prev / dots / next

Section C — Embedded page previews

Each block fills approximately one viewport height and scroll-reveals into view.

Order	Section ID	Key blocks
1	#products	Headline · filter tags · 15-item gallery
2	#services	Headline · 6-service feature carousel
3	#about	Video hero · stats · headline · body · CTA
4	#blog	Featured post + 3 post cards
5	#machinery	Headline · 4-card equipment carousel
6	#certificate	Headline · scroll-synced gallery
7	#buyers	Trust marquee · testimonials
8	#factory	Scroll-scaled video · CTAs
9	#contact	Video background · contact card + form

Inner pages

Standalone routes reuse the same components as their Home embed. Layout summaries below.

About (/about)

Region	Content blocks
Header row	Eyebrow · quick-link icons (Services, Certificate, Contact)
Hero	Clipped video shape · quote-response stat (desktop)
Stats	13+ years · 5–25 Cr turnover
Main grid	Headline + 2 body columns · company name + CTA sidebar

Products (/products)

Region	Content blocks
Header	Headline · subheading
Filters	All · Cast Iron · Aluminum · Pressure Die · Motor · Pump · Automotive
Gallery	15 product cards in responsive grid

Layout: Full viewport height on standalone route.

Services (/services)

Region	Content blocks
Header	Eyebrow · headline (2 lines)
Carousel	6 service cards with image, icon, description

Buyers (/buyers)

Region	Content blocks
Marquee	GST · IndiaMART · Rajkot · turnover trust strip
Header	Eyebrow · headline
Grid	9 testimonial cards

Factory Tour (/factory)

Region	Content blocks
Video	Scroll-scaled factory footage
Copy	Eyebrow · headline · subheading
Actions	Play full video · Request a quote

Machinery (/machinery)

Region	Content blocks
Header	Eyebrow · headline · subtitle
Carousel	4 equipment cards with stats

Certificates (/certificate)

Region	Content blocks
Header	Headline (2 lines)
Gallery	5 scroll-synced images with lightbox
Supporting	Credential cards · company factsheet

Blog (/blog)

Region	Content blocks
Featured	Full-width post card with video/image
Grid	3 supporting post cards (asymmetric on desktop)

Contact (/contact)

Region	Content blocks
Background	Looping muted video
Card	Quick form (name, email, phone, message)
Details	Opening hours · email · phone · address
Modal	4-step quote wizard (slide-over)

Quote wizard steps: Part type → Volume & material → Contact info → Review → Confirmation

User flows

New visitor → quote

Home hero → Contact us or email capture → Contact page → Quick form or quote wizard → Confirmation

Procurement research

Products (filter & browse) → Services → Machinery / Factory / Certificates → Contact

Homepage discovery

Scroll Hero → Capabilities → Embedded previews → Full page or Footer newsletter

Responsive behaviour

Viewport	Adaptations
Mobile	Sheet navigation · stacked hero · single-column grids
Tablet	2-column grids · condensed spacing
Desktop	Side-by-side hero · hover interactions · multi-column galleries

Full-height pages: Products, Services carousel context, Blog, Buyers, Machinery, and Contact use viewport-height layouts on standalone routes.
